

DBK Chamber Oven ITHU

- Year of Construction 2005, reconditioned 2018
- **Manufacturer's warranty**
- Electrical heating: 18 kW heating power
- Maximum Temperature 150°C
- Temperature Control by JUMO IMAGO 500,
- Control range 30-150°C
- Ready for operation – deliverable
- Robust steel construction
- Inside Dimensions: 1400x1100x1950mm (WxDxH)
- 2 integrated rails, to be used after removing of steel cover

€ 22.000.-

Plus VAT, w/o Charging Trolley

Chamber Oven							
Outer Dimensions			m ³	Heating Power kW	Max. Temperature	Door	Power Circulating Air
Width mm	Depth mm	Height mm					
2.120	2.050	2.300	3	18	150 °C	1 door leave	5.000 m ³ /h
Horizontal Air Circulation, 5000 m ³ /h							
Heating with chromium steel tubular heating elements, controlled by solid state relays							
Control Cabinet according to DIN VDE 0721, built to side							
Temperature control by JUMO IMAGO 500, digital monitoring, control range 30-150°C, overtemperature protection							
Electrical power supply: 3x 400V, 50Hz, 21kVA							
Oven MUST NOT be used to evaporate combustible solvents
